Assembly, care and replacement parts

Allow 66 cm of length and 50 cm of depth for the assembled tree. Leave room for cats to reach both doorways and the side perch. Ask for the assembly guide with your quote.

Use a lint roller to pick up loose hair from the long-pile plush. Keep the bed and the rest of the tree dry. Do not wash them in water.

For a replacement part or missing hardware, send the model, order reference, affected quantity and a photo of the part and its attachment point.
